DPD 2568-59

16 April 1959

MEMORANDUM FOR: Chief, Far East Division

SUBJECT: Air Requirements for FY-1960

REFERENCE: Memorandum from C/FE to C/DPD;
subject: Request for Aircraft; dated
28 March 1959

1. The beacon program for location of Drop Zones during inclement weather conditions and the development of tactics and techniques for dropping of cargo from high altitudes under adverse conditions are now in progress. [redacted] DPD, is the Task Force Commander for this program and has as members of the Force representatives of the Office of Communications, Logistics/Materiel, Photographic Section, PP/PMD, and other interested elements. Flight tests of various equipments will be conducted 26 April 1959 through 1 May 1959.

2. In order that this Division may plan and program Agency air activities it is requested that we be advised of your known air requirements for the 1960 Fiscal Year; i. e., the number of sorties, amount of cargo, areas of operation, and times - light of moon phase, dark of moon phase, weather, etc.

3. Based on the above requirements DPD will plan accordingly and be in a position to adequately provide for your needs.
